**LARGEST
VERSATILE
STUDIO SPACE**

**MAKE-UP,
GREENROOM &
GALLERY**

Studio B is our largest London studio. It is usually fully robotic and offers a flexible and dynamic space for shooting live news, magazine shows or discussion formats. Five robotic UHD cameras plus a crewed jib gives means you can use all 1,800 square foot (167 sqm) of the space. Currently we have limited availability in this studio but get in touch and see if we can fit you in.

- **UHD/HD** fully robotic cameras
- Studio **Pedestals**
- **LED** Bicolour lighting
- **White & Black** floor
- Crewed **Jib**
