

TRIANGULAR DESK SET

SOFT SET

Studio C is a white brick loft-style space, ideal for relaxed daytime programming. The studio regularly hosts talk shows, interviews, entertainment and corporate webcasts, and has also accommodated a small audience. It can be hired with a fully equipped gallery, green room, make up room and additional production space. Our worldwide broadcast connectivity allows you to broadcast or live stream your content easily, and our expertise will support you in getting the most professional look and feel for your audience.
